Stuart Florida, 34994*

Re;

Mr. Clark

This letter is to confirm and inform all parties concerned that Timothy Clark has been a part of the Construction Industry of South Florida since 1990. We have worked together on countless project encompassing but not limited to New Construction, Hotel, Retro Fit, Federal Government, Hospitals and Schools.

Mr. Clark began in the field handling the installation and water proofing on such projects as City Place, Dolce Vita, Fort Pierce Federal Court House, Camino Real, Jefferson Place, Tampa Weston Airport Hotel, Clearwater Tower, Morse Senior Living Phase I just to mention a few.

Mr. Clark then moved to Quality Control and Forensic Research. He was instrumental in determining the effect of storms such as Hurricane Frances, Jeanne and Katrina on structures that were damaged or were perceived to be damaged during the above mentioned Hurricanes.

We continue to respect Timothy's expertise and rely on his findings to guide our decision making process.

*Regards
Robert J. Clark
